SECTION 11 - TIME-OF-DAY SERVICE¹

11.1 General

Sponsored Time-of-Day Service consists of service and facilities for use by a customer in giving to the telephone user, by means of a recording, time-of-day information together with an announcement. The announcement may include advertising material.

11.2 Conditions

11.2.1 Sponsored Time-of-Day Service is furnished subject to the availability of facilities and the requirements of local exchange and toll service.

11.2.2 The service will not be furnished where the circumstances are such that the proposed use of the service or facilities would tend to injuriously affect the efficiency of the Telephone Company's plant or property or service.

11.2.3 The automatic announcement equipment will provide, at 10-seconds intervals, the time of day to the nearest minute, preceded by a message. Each message, exclusive of the time announcement, is limited to 6 seconds duration. The messages are recorded on two types of records, alternating and lock-in. Each type has space for 12 different messages. The alternating records provide different messages in succession. The lock-in type repeats one message continuously.

11.2.4 The Company shall not be liable, directly or indirectly, to the customer or any other person for any inaccurate time-of-day announcement since the accuracy of the announcement facilities may be affected by variations in the power or in the mechanical equipment used in their operation.

11.2.5 Parties calling the announcement number will be automatically disconnected after one complete announcement.

11.2.6 One alphabetical directory listing number will be furnished without charge for each service.

11.3 Obligation of the Customer

11.3.1 The customer will contract for as many announcement lines and terminal equipment as may be required in the judgement of the Company.

11.3.2 In the event that the use of an automatic-announcement service causes impairment, disruption, or deterioration of the Company's general telephone service or telephone plant, the Company shall have the right to discontinue forthwith such service without prior notification to the customer.

¹This service will not be offered under this Section. The same will be offered under Additional Services Tariff Schedule, Section 29 ("976" Service) of this Tariff.
